Designed specifically to meet the diverse needs of public library patrons—from students of all ages to jobseekers to curious adults—World Book's Public Library Edition offers unique content and features for every age and interest.

World Book Online Reference Center

World Book Online Info Finder

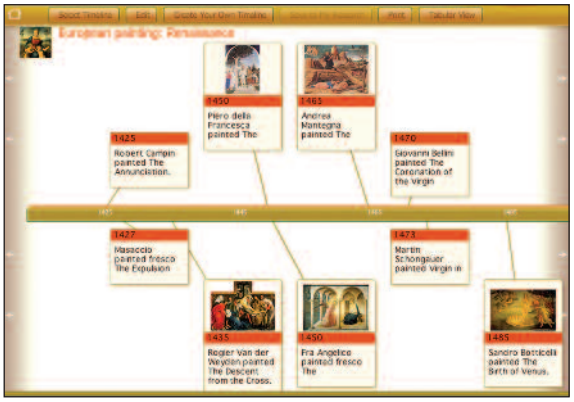
World Book Online for Kids

World Book Online Reference Center

World Book Online Reference Center is a powerful reference tool for advanced researchers and information seekers. In addition to the entire *World Book Encyclopedia*, the site features hundreds of thousands of complete e-books and primary source documents along with features developed especially for public library patrons, such as Computer and Web Tutorials, How To... guidance, Government Resources, and Interactive Earth.

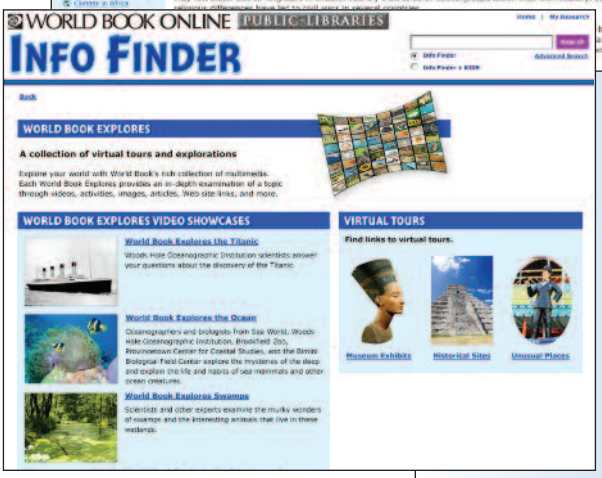
Key features

- Tailored to the needs of patrons of high school age and above
- Computer and Web Tutorials provide help for novices
- How To… documents offer information on skills for living, including applying for jobs, budgeting, transportation, and understanding health care issues
- Research tools, including dictionary, Citation Builder, and local and country research guides
- Interactive maps and atlas
- Individual accounts within the site offer users the ability to create and save content to their own research folders for later use



World Book Online Info Finder

World Book Online Info Finder contains content and features designed for school-aged patrons' homework and research needs. Based on the *World Book Encyclopedia*, the site features rich multimedia, a collection of age-appropriate science projects, a Biography Center, virtual tours, video showcases, links to current events and world newspapers, 21st-century research skills, and much more.



Key features

- More than 40,000 encyclopedia and reference articles
- Biography Center, with more than 10,000 biographies searchable by gender, field of endeavour, nationality, and time period
- Comprehensive multimedia collections, including *World Book Explores* video library and geography resource guides
- Thousands of high-quality Web links selected by World Book editors and expert contributors
- Powerful research tools, including a Citation Builder, How to Do Research guides, and personalised My Research accounts
- Convenient one-click dictionary
- Dynamic Interactive Earth feature, including the World Book Atlas, Interactive Maps, Outline Maps and Flags, and more
- Science projects and experiments, including a collection of last-minute projects
- Current magazines

World Book Online for Kids
