Ankylosaurus

Ankylosaurus had a clever way of _____ itself.
Tough skin and bony _____ covered all of its body
except for its belly. No matter how hard they tried, most
hungry enemies could not get past this suit of armour.

Thick, _____ skin
covered Anylosaurus's
large body.

Sharp _____
kept other
dinosaurs from
coming too close.

A knobby _____ at the
end of the tail sent
enemies flying!

Ankylosaurus used its small
mouth and teeth to munch
soft _____.
