

To help you complete this worksheet, use the *Tough Trucks* book.

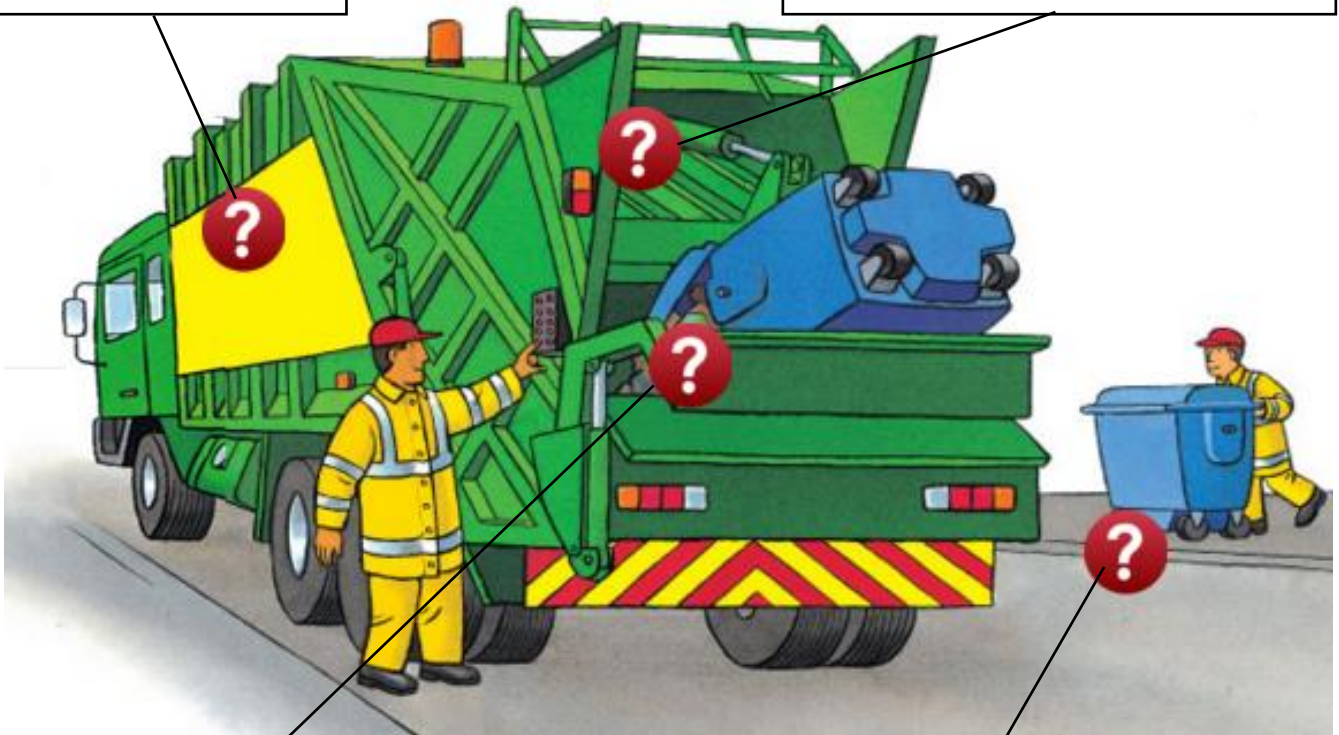

## Garbage Truck

When you throw something away, it ends up in a garbage can, dumpster, or \_\_\_\_\_ bin outside. A collector empties the garbage container into a \_\_\_\_\_. The truck takes the garbage to a dump or recycling \_\_\_\_\_.

The \_\_\_\_\_ pushes the garbage deep into the hopper.

Inside, a compactor \_\_\_\_\_ the garbage. Now there is room for even more.

A lifting arm picks up the heavy dumpster and \_\_\_\_\_ it into the truck.

A \_\_\_\_\_ is large enough to hold all kinds of trash.
