Learning at Home with *World Book Timelines*

Timelines are a great way to come together to learn or create. Learn about a topic with a pre-created timeline or create your own from scratch!

Kids can use this as an independent activity, or use this as a way connect and create something together as a group.

Life can move really fast. Keeping a journal can help you keep track of the events in your life and how they affected you. Try keeping a *Timelines* journal, where every day is a new event.

1. In *Timelines*, choose **Create a Timeline** (make sure you're signed into your World Book account in order to save)
2. Each day, **create a new event** and write about your day in the notes. What happened that day? How did that make you feel?
3. Use the **colour-coding** to classify how you feel each day (yellow= happy, blue= sad, etc)

Keep a Journal!
